Rheumatism

It is an established fact that Hood's Sarsaparilla has proven an invaluable remedy in many severe cases of rheumatism, effecting remarkable cures by its powerful action in correcting the ability of the blood, which is the cause of the disease, and purifying and curing the vital fluids.

In a recent issue of "Fever" it is shown that what Hood's Sarsaparilla has done for others will do for you. Therefore, if you suffer the pains and aches of rheumatism, give this potent remedy a fair trial.

A Positive Cure.

"I was troubled very much with rheumatism in my hips, ankles, and wrists. I could hardly walk, and was confined to my bed for months. The doctor said I had a good deal of time left, being 70 years old. He recommended me to try Hood's Sarsaparilla, I took four bottles, and in a few days I was well again. I sincerely recommend Hood's Sarsaparilla as one of the best blood purifiers in the world." W. P. Wood, Bloomington, Ill.

For Twenty Years

I have been afflicted with rheumatism. Before this I found no relief, but grew worse. I then began taking Hood's Sarsaparilla, and it did me good. I am now in full health again. I never had such a cure. H. T. Fallon, Quincy, Mass.

"I suffered so much that the doctors called muscular rheumatism. I took Hood's Sarsaparilla and am entirely cured." J. V. A. Thompson, letter carrier, Chicago, Ill.

We shall be glad to send free of charge to all who may desire, a book containing many additional statements of cures.

A SILENT DEMONSTRATION

PROPOSED TO LONDON WORKMEN BY THE SOCIAL DEMOCRACY.

A Manifesto calling on Workmen to follow the Lord Mayor's Show in Silence, Satemba, Order—Sir Charles Dilke Talks Politics—Spanish Cabinet Ministers Resign—Foreign Flashers.

LONDON, Oct. 8.—The social democratic movement, in a manifesto addressed to the unemployed workmen of Great Britain, demands that before certain distress still more acute than at the present moment, the coming winter, honest workmen and their families are doomed to a hopeless struggle against starvation. The wealthy classes, it says, are alone responsible for the awful neglect of the government, and they cannot but fear for themselves if they could see the agony which their selfish apathy inflicts on the productive class of their wealth.

Sir Charles Dilke Talks Politics.

LONDON, Oct. 8.—The Conservatives

said Sir Charles Dilke to a correspondent of the United Press, "will have no difficulty in retaining power for at least five years, and nothing extraordinary happens." Their control will probably last ten years. They set no value on the right of nations to self-government, and their conduct will be improved when Gladstone dies or retires. No body would follow Sir William Harcourt, and many of the strongest men in the party object to John Morley. Mr. Chamberlain is out of the question, and that leaves Lord Rosebery—the only plausible leader unless some new star arises.

Mr. Asquith Frightened.

LONDON, Oct. 8.—A serious disturbance took place at Hatfield Thursday. A large number of English workmen pulled with stones and then closed in and fought their way to a French fisherman whose boat was in the harbor of Ramsgate. The Frenchman was severely beaten, but not unfriendly received. A large force of policemen and a number of members of the coast guard went to the aid of the Frenchmen, and succeeded them in their boat.

A Father and Three Sons Subfudged.

LONDON, Oct. 8.—John J. Gallagher, son of a cotton proprietor at Noshville, succeeded the father of the mine Wednesday to locate a defect. Not returning, one of his brothers descended after him. He also failed to return, and another brother, and finally the father entered the shaft. They were all suffocated by choke-damp. Their bodies were recovered. The colliers had a narrow escape from suffocation. They were rescued from other shafts of the mine.

Taking the Business to Death.

LONDON, Oct. 8.—Statistics are published showing the terrible production of Germany is decreasing. The decline is attributed to the prevailing system of taxation.

The number of persons engaged in the cultivation of the plow has fallen off 12,000 this year as compared with 1885.

A Strike and Three Sons Subfudged.

LONDON, Oct. 8.—John J. Gallagher of Chicago, who was killed in the mine at Noshville in 1884, was held by Justice Kraske in a bond of \$1,000 for forgery conspiracy, passing a fictitious bill, and obtaining money under false pretenses. He went back to jail.

A tar pool has been formed, and the price of that article advanced. A commissioner has been appointed with power to destroy tar when the market is overstocked, a sum equal to the cost price of the surplus tar to be paid to the contractor in whose possession it is.

The principal event at the St. Louis fair Wednesday—the free-all racing race was won by Jewett in straight heats in 216.210. Mike Wilkes second, Goodip Jr. third, with Little Mack, Tommy Lynn, and Dan G. distant. Jewett also taking fourth mace.

Another strike of miners is reported at Charleroi, in Belgium, where the fervid laborers took place a few months ago. An unsuccessful attempt was made by the strikers to kill the mine manager.
